“Live to Ride...Ride to Live.”

This quote was once chosen by Katie to describe herself and looking back, it perfectly describes the way she lived her life. Katie loved life on the farm since she was a young girl. She grew up working on the farm with her dad, Dan, and sister, Karen. When they weren't busy farming, Katie spent countless hours riding horses with her sister and mom, Diane, and participating in horse shows where she thrived and achieved many accomplishments.

Katie enjoyed living a simple life of hard work and gratitude. Working on the farm was her true passion. She was lucky enough to live that passion every day in the life that she and Mike had built together, as they were able to simultaneously work on both family's farms. Kennedy was the perfect addition to their farming family arriving in August of 2018. Katie was able to spend her days with Kennedy by her side on the farm, which was truly a blessing.

It seems impossible to encompass the person Katie was by a few words or paragraphs, but I think Katie did it best with the following quote she had saved: “Each person is given the gift of time on this earth – to live, to learn, to love, and to leave a legacy.” While Katie's time on this earth was cut tragically short, the time she was here was truly a gift to those who love her. Katie lived a life she truly loved, with Mike and Kennedy by her side. She will be forever missed.

We would like to thank everyone who makes this wonderful event possible. It means so much to our families to honor Katie this way, and your support is greatly appreciated.
